JENNIFER E. WILLIS, United States Magistrate Judge:

On the evening of March 6, 2023, the Court received a series of emails from the Plaintiff, Ms. Virginia Stover.

The Court read only the initial 9:49 pm email and declined to open or read the other messages. The email is attached to this order as Exhibit A.

First, the parties, in general, should not communicate with the Court directly via email. Regardless of the method of communication, the Court is not permitted to have private conversations with either side. Whenever a party contacts the Court, the other party should be included. All parties in a federal lawsuit should generally only contact the Court by filing a motion that is properly served on the other party or by electronically submitting a letter motion on ECF.

Second, the parties should share their discovery materials with each other. Discovery should not be sent to the Court or electronically filed on ECF.

The parties are reminded that a second conference shall be held on **March 13, 2023** at **10:00 AM**. To call in to the conference, the parties should dial +1 646-453-4442, and enter the Phone Conference ID: 756 752 747#.

If Ms. Stover wishes to receive documents in this case electronically (by e-mail instead of by regular mail), she may consent to electronic service by filing a Pro Se Consent to Electronic Service Form, available in the Pro Se Intake Unit or at <https://nysd.uscourts.gov/forms/consent-electronic-service-pro-se-cases>.

If either party needs to change the date of the conference, that party must make the request, by letter, as soon as the need for a different date is known, but by no later than three (3) business days before the scheduled conference date.

As explained in the Court's rules, <https://nysd.uscourts.gov/hon-jennifer-e-willis>, the parties were previously directed to complete a Proposed Case Management Plan and Report of Rule 26(f) Meeting, and file it on ECF **by March 6, 2023**. The Proposed Case Management Plan was not filed and is now late.

SO ORDERED.
